SAMSUNG

Industry trend

Businesses are looking for ways to present clear and effective messaging to its audiences while improving their customer experience. Turning to large-sized displays with UHD picture quality allows businesses to provide engaging content on a stable device. Not only looking for digital signage that is large with distinct content, businesses want displays that are versatile and can meet operational changes over time.

Why Samsung QEN series?

Samsung QEN Series leverages Samsung's Intelligent Picture Quality technology to elevate content delivery in any setting. This refined presentation transforms content from any source to UHD-level quality, and optimizes on-screen text and imagery with crisp edges and fine detail. Recent advancements have made the signage offerings even stronger and empower businesses to develop and deploy content with the confidence that it will perform continuously. Users are assured information being presented is clear, engaging and easy to see due to its large size. With a modern and sophisticated design, the QEN series can easily be integrated to any environment.
