AVerVision U70i

USB Visualiser (Document Camera)

Google Cloud
Partner

Google for Education
Partner

The AVerVision U70i is a USB plug-and-play visualiser that helps teachers easily create hybrid distance learning experiences. The U70i features a lightweight and portable design, and its premium-quality lens and AI Noise Reduction microphone let teachers effortlessly livestream videos of people and things at school or from home using all their teaching superpowers.

13 MP

4K Output Resolution

16X Digital Zoom

A3 Shooting Area

USB Plug & Play

Compact and Foldable

AI Noise Reduction

AI Image Rotation

Hybrid Teaching Ready

2-Year Warranty

True 4K Output Resolution

The U70i's high-quality 4K resolution and 13-megapixel sensor ensure that the video and images you capture are super clear, providing an immersive experience for students. Use the U70i to give your students enhanced hybrid distance learning that's more engaging and accessible.

16X Zoom and A3 Shooting Area

A huge shooting area lets teachers capture more and makes it easier for students to see every detail. Also, the U70i's auto-focus ensures that your content is always in focus, and with a 16X digital zoom, you can always zoom in to get a closer look.

AI Acoustics and Image Rotation

AI Noise Reduction efficiently reduces unwanted sounds and background noise so you can lecture capture with better audio quality. Also, AI Image Rotation ensures that the people and materials in your images are always displayed at the correct angle.

Convenient Storage and a Non-Slip Design

The storage slot for the camera head provides a convenient way to store the U70i when you're not using it, protecting the device from damage and ensuring it's always ready for your next shoot. Moreover, the U70i's anti-slip rubber base provides a stable platform for the camera while you're shooting from any angle.

User-Friendly Functions Buttons

The function buttons located near the camera head provide convenient and efficient camera control. With all the necessary settings right at your fingertips, the U70i is extremely user-friendly, letting you focus on capturing the perfect shot without worrying about complicated settings or extra steps.

Free AVerTouch Software Enhances Remote Teaching

Simply connect your U70i with one touch to immediately start sharing content and annotating as you go. With its easy and intuitive functions – as well as cloud sync for automatic backups of your annotations, captures, and recordings – this software enriches the teaching experience with unprecedented interactivity. You can even capture images and videos via Google Classroom by connecting U70i to AVerTouch software.

With the U70i, you can display...

Show images to your audience through...

-  Film slides / Filmstrips
-  Real-time movements
-  Documents
-  3D objects
-  X-rays

-  Interactive flat panel
-  TV monitor
-  Projection screen
-  Digital monitor

Product Specifications

Part no. 40AAPF02-BFV
EAN code 4719552127504

Image Sensor	1/3.06" CMOS	Capture	Single / Continuous (via software)
Total Pixels	13 Megapixels	Annotation	Yes, via software
Frame Rate	60 fps (max.)	AI Noise Reduction	Yes
Output Resolution	Up to 4K (3840 x 2160)	AI Image Rotation	Yes (0° / 180°)
Zoom	16X digital zoom (via software)	Light Source	Embedded LED lamp
Focus	Auto focus, manual via software	Mic	Built-in
Shooting Area	Larger than A3 (440 x 330 mm)	Dimensions (W x H x D)	Operating: 184 x 384 x 290 mm Folded: 206 x 43 x 218 mm
Image Rotation	Rotation 0° / 180° (via button) Electronic rotation 0° / 90° / 180° / 270° (via software)		Weight
		Warranty	2 years
Image Effects	Color / B&W / Freeze (via software)	Power Source	USB 2.0 bus-powered, 5V / 0.5A
Image Adjustments (White Balance / Exposure)	Yes, via software	Windows® OS	Windows® 7, 10, 11
		Mac® OS	MacOS® 10.15, 11, 12, 13
Presentation Tools	Spotlight / Visor (via software)	Chrome™ OS	Chrome™ OS 88 or later
Recording	Yes, via software	Package Content	U70i unit, Quick Start Guide, Warranty card*

* For Japan only.
