The life of sound.

Delivering unparalleled performance for its price.

Debut B5 by Andrew Jones.

5.25-inch Aramid-Fiber Bookshelf Speaker

B5 5.25-inch Aramid-Fiber Bookshelf Speaker

Does the Debut B5 change the game for bookshelf speakers? Absolutely. It's not just its size-to-performance ratio that sets a new standard. The B5 may be the best value in the world of affordable speakers, with sound that surpasses speakers costing many times more.

B5 Specifications

SPEAKER TYPEFREQUENCY RESPONSE	
NOMINAL IMPEDANCE	6 Ω
SENSITIVITY	85 dB at 2.83 v/1m
CROSSOVER FREQUENCY	3,000 Hz
MAXIMUM POWER INPUT	120 Watts
TWEETER ·····	1-inch cloth dome
WOOFER ····	5.25-inch woven aramid-fiber
	cone with oversized magnet
	and vented pole piece
CABINET	
CABINET FINISH	Black brushed vinyl
PORT ·····	
BINDING POSTS	5-way metal
WIDTH ·····	7.87 in / 200 mm
HEIGHT	12.75 in / 324 mm
DEPTH	8.75 in / 222 mm
NET WEIGHT (EACH) ·····	11.5 lb / 5.2 kg
GROSS WEIGHT (PACKAGED PAIR)	26.2 lb / 11.9 kg

Custom Drivers

Both the tweeter and bass driver have been custom designed by Andrew Jones to deliver an exceptional audio experience that can't be delivered with typical off-the-shelf parts.

Woven Aramid-Fiber Woofer

Woven aramid fiber offers a superior stiffness-to-weight ratio and damping over common polypropylene or paper cones. The added strength allows more flexibility in design to achieve a smoother, extended frequency response.

Deep-Spheroid Custom Waveguide

A custom-designed tweeter waveguide with a deep spheroid profile is utilized to improve directivity control and shield the tweeter wavefront from cabinet diffraction.

Intricate Crossover

A custom seven-element crossover with audio-grade components is implemented to ensure smooth transition between the drivers.
