FEATURES

Flexible Content Management

Being compatible with HDCP (High Bandwidth Digital Content Protection) contents, HYUNDAI monitors are able to transfer copy-protected contents over the HDMI or DVI interface from any video source.

Full Protection

In order to protect the high-tech components and ensure a long life the housing is made of steel and can be locked. The panel is protected by a special tempered glass which supports a clear image of the screen contents.

DIMENSIONS

D465SLG [unit: mm]
