Built-in Bluetooth Wireless Technology

The built-in *Bluetooth* Wireless Technology lets you easily stream music from compatible devices such as smartphones, tablets, or personal computers. Enjoy your favourite songs with hassle-free connection.

Bluetooth Auto Reconnect/Bluetooth Wakeup

With the *Bluetooth* Auto Reconnect function, the system automatically reconnects with your *Bluetooth* enabled device after the initial pairing. If you set the system to *Bluetooth* Wakeup, the power will automatically turn on, and the function is switched to *Bluetooth* Audio when you play your *Bluetooth* enabled device.

Built-in Wi-Fi

Enjoy network features via wireless LAN connection, without the hassle of extra cables.

Spotify® Digital Music-Streaming Service Ready

Enjoy on-demand access to millions of songs with Spotify's digital music streaming service. With the wide range of music selection, you're sure to find a fitting song for your mood or occasion, right at your fingertips. You can make your own choice, or let Spotify surprise you. The system is ready for the Connect from Spotify, which lets you select songs on your Spotify app for listening on your audio system.

* For service availability in your country check www.spotify.com.

Internet Radio (TuneIn)

The system comes preset with TuneIn for enjoying internet radio. With over 100,000 radio stations, you can listen to free broadcasts of music, sports, news, and talk shows from around the world. By registering on your Favorites list, you can quickly access radio stations of our choice.

DAB/DAB+ Radio

Enjoy radio broadcasts in crystal clear sound, free of interference. The built-in DAB/DAB+ tuner lets you listen to various programmes by automatically tuning in to available stations.

“P.BASS” Bass Enhancer

The “P.BASS” function emphasises the bass frequencies for a powerful sound. The function is available by default when you first turn the power on, and can be turned off with the remote control.

Sound Equaliser

You can fine-tune the sound to suit your preference using the four equaliser presets.

Flat: a flat, basic sound

Active: powerful sound with emphasis on low and high tones

Dialogue: makes radio or vocal sound more easy to hear

Night: optimised for listening at a low volume

Auto Standby

No need to worry if you left the power on. The system will automatically switch to standby after being left uncontrolled for a while.
